

STAGECOACH

A division of Tri-Valley Transit, Inc.

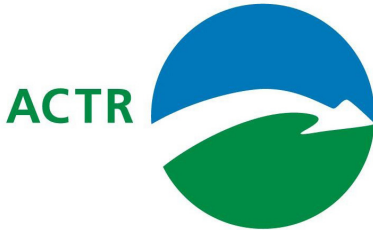

Dear Riders,

In an effort to improve rider comfort on the River Route Commuter, Stagecoach is borrowing a 28 passenger bus from our our fellow Tri-Valley Transit, Inc. division member Addison County Transit Resources (ACTR). This 28 passenger bus will be used on the final run of the morning River Route.

The ACTR buses have a blue, green and white color scheme with the ACTR logo on the side. The electronic sign will read “River Route” and Stagecoach placards will be displayed in windows. A photo of the ACTR bus and the ACTR logo are below for your reference.

Please know that the Stagecoach staff is working to develop options to best suit our riders schedules and comfort on the River Route. If you have any suggestions, please feel free to talk to our drivers or contact us through any of the contact information below.

Thank you for making the Stagecoach River Route Commuter such a success!

Thank you for riding Stagecoach!
